## Professional Summary

SQL Developer with 4+ years of experience in **SQL Server, PostgreSQL, Database Development, ETL Processes, SSRS Reporting, and Database Performance Tuning**. Strong expertise in developing and optimizing **SQL Queries, Stored Procedures, Functions, Triggers, and Views**. Experienced in **SQL Server to PostgreSQL Migration**, including query conversion, stored procedure conversion, function conversion, testing, and deployment. Proven ability to deliver high-quality database solutions, troubleshoot complex issues, and support enterprise-level applications.

## Technical Skills

|                  |                                  |
|------------------|----------------------------------|
| <b>Databases</b> | SQL Server 2008/2012, PostgreSQL |
| <b>Languages</b> | SQL, T-SQL, PL/pgSQL             |
| <b>Tools</b>     | SSMS, pgAdmin, DBeaver           |

## Professional Experience

**Software Engineer — APT Online Ltd (Subsidiary of TCS)** Sep 2021 – Present

- Developed and optimized SQL queries, stored procedures, functions, and triggers using SQL Server and PostgreSQL.
- Designed and maintained SSRS reports, performed ETL processes, and supported database performance tuning and query optimization.
- Worked on SQL Server to PostgreSQL migration activities including query conversion, function conversion, stored procedure conversion, testing, and production support.

## Key Projects

**APSHCL – Andhra Pradesh State Housing Corporation Limited** Sep 2021 – Aug 2022

- Developed SSRS reports for beneficiary and housing scheme monitoring.
- Created SQL queries, stored procedures, and optimized report datasets.

**AMTS – Assets Management Tool System**

Sep 2022 – Nov 2022

- Developed reports for asset tracking and management processes.
- Designed SQL queries and supported production issue resolution.

**APRR – Andhra Pradesh Rehabilitation & Resettlement**

Nov 2022 – Sep 2023

- Developed SSRS reports and implemented reporting enhancements.
- Optimized stored procedures and queries for better performance.

**APCRDA – Andhra Pradesh Capital Region Development Authority** Sep 2023 – Jan 2024

- Developed reports for infrastructure and project monitoring.
- Performed query tuning, data validation, and report maintenance.

**APPCB – Andhra Pradesh Pollution Control Board**

Jan 2024 – Present

- Developed and maintained environmental compliance reports.
- Created SQL procedures, datasets, and report enhancements.

**APCCE – Andhra Pradesh Commissionerate of Collegiate Education** Nov 2024 – Present

- Developed SQL queries, procedures, functions, and ETL processes.
- Working on SQL Server to PostgreSQL migration including query, function, and stored procedure conversion.

## Key Achievements

- Worked on SQL Server to PostgreSQL migration projects.
- Optimized complex SQL queries and improved report performance.
- Developed SSRS reports for multiple government projects.
- Designed ETL solutions for data migration and integration.

## Education

**B.Sc. (Computers)**

Krishna University

Nalanda Degree College
